PARKING PERMITS

Parking permits are sold on a first-come first-serve basis. Students with a lot preference should purchase their permits as early as possible. Your license plate is your parking permit and needs to be visible at all times. Backing in or pulling through parking spaces is not allowed. Students may purchase a parking permit by logging onto My.GeorgiaSouthern.edu and clicking on the “Parking Permits & Citations” link under Auxiliary Services, or in person at the Parking and Transportation office. All unpaid citations must be paid prior to purchasing a permit. Be sure to double-check that your license plate information is correct before applying for a permit.

RESIDENTIAL STUDENT PARKING

Residents with a vehicle need to purchase a Residential parking permit and are allowed to park in any Residential lot on campus. Residents are not to park in Commuter or Faculty/Staff spaces.

COMMUTER PARKING

Students with a Commuter permit are able to park in any Commuter lots around campus (Science Center, Sports Complex, University Hall & Armstrong Center). There are no commuter spaces on Arts Dr., Science Dr. or Burnett Blvd.

ENFORCEMENT

All parking rules and regulations are strictly enforced on the Statesboro and Armstrong campuses to keep roadways and parking lots safe for everyone. All commuter, faculty/staff and time zone lots are enforced from 7:30 a.m. to 4 p.m. on weekdays when classes are in session. All Residential lots as well as reserved spaces (ie. ADA, President, Dean, etc.) are enforced 24 hours a day, 7 days a week.

If you receive a citation and do not understand why, please contact us immediately.

VISITOR PARKING

Visitors may register their vehicles for a temporary pass for $2 per day by visiting the Parking & Transportation Office. Students may not park in visitor spots for any reason.

LIBERTY CAMPUS STUDENTS

Liberty Campus students do not need a permit to park on the Liberty Campus; however, when visiting the Statesboro or Armstrong campuses, they will need to pick up a temporary pass for $2 per day by visiting the Parking & Transportation Office.

11 THINGS ALL STUDENTS SHOULD KNOW ABOUT PARKING

1. Please be very careful when typing your license plate information. Our License Plate Recognition (LPR) software relies on your correct license plate data to avoid citations.

2. If you bring a car to campus, you must register your vehicle and purchase a permit. Please contact our department for pricing options.

3. Know where your permit allows you to park.

4. Residence Halls (lettered lots) are strictly enforced 24/7.

5. Commuter lots (numbered lots) are strictly enforced until 4 p.m., Monday through Friday.

6. Faculty/Staff parking spaces are strictly enforced until 4 p.m. There are some spaces reserved for Faculty/Staff 24/7 near the Zach Henderson Library on the Statesboro Campus. These spaces are clearly marked, so pay close attention to signage.

7. There are 30 minute spaces strategically placed around campus for your use to conduct business. This does not include visitor spaces.

8. All parking lots are signed at the entrance to designate who is allowed to park in that lot. This indicates that the entire lot is what is announced on the entrance sign, unless otherwise noted. If it is noted otherwise, signs with arrows will clearly identify these other areas.

9. If you don’t know why you received a citation or have a parking related question, please contact the Parking and Transportation Office.

10. Three unpaid parking citations will place you on the list of vehicles to be booted (immobilized). If your vehicle is booted, all outstanding citations must be paid, and a fee for booting your vehicle will be added to your account.

11. If you have three or more unpaid citations on your account you do not have to be in violation to receive a boot or have your vehicle towed. This includes parking at Paulson Stadium.
